

Introducing Canal's Partnership with Trucking 52!

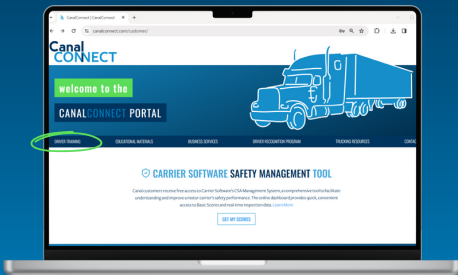

We are excited to announce that Canal has joined forces with Trucking 52 (powered by Infnit-I Workforce Solutions) to bring **ALL** Canal customers **FREE** driver training resources through our CanalConnect customer portal.

Trucking 52 has revolutionized safety training with its streamlined online system which includes 52 on demand videos. Canal insureds can now explore a wide range of training and safety topics such as Fatigue Management, Pre-Trip Inspections, Distracted Driving, Extreme Weather Conditions, Hours of Service and many more essential subjects designed to elevate driver safety.

Available to single unit drivers as well as large fleets, customers can utilize this valuable resource (normally priced \$84/per user per year) at **NO COST**. This resource is in addition to the access all customers have to request a consultation with a member of Canal's Risk Management Services (RMS) Team.

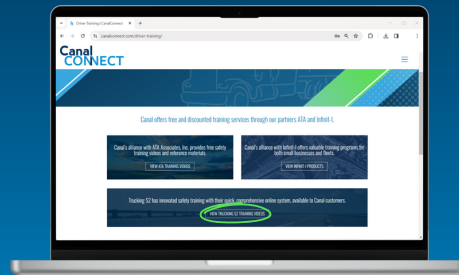

STEP ONE

Log into CanalConnect.com and head to the Driver Training page

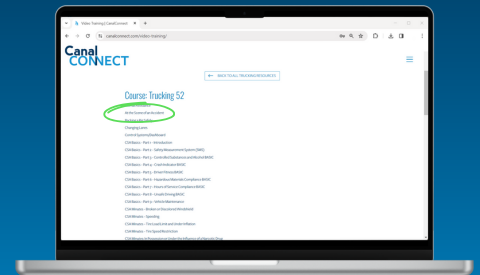

STEP TWO

Click on the button for Trucking 52 Training Videos

STEP THREE

Select a topic to watch the related training video

New to CanalConnect?

If you are a Canal customer and have not yet explored the benefits of CanalConnect, now is the perfect time to join. Activating your account is a breeze – simply click the link below to register and gain immediate access.
